

WELCOME TO RADSTEIN

You can experience beautiful Steigerwald from another perspective since March 2016.

Conveniently located on B22 near Markt Ebrach in Upper Franconia, it is a great excursion in any season.

High up in the treetops, on a length of 1150 meters our path made out of Douglas fir and larch wood winds through the Steigerwald, rich in deciduous hardwood - the trees within your grasp!

Out centrepiece is a tower, 42 meters in height, allowing you truly impressive views over the Franconian Plateau and the surrounding Steigerwald. Take a moment and let your eyes wander. The design of this sturdy construction with a maximum incline of 6% is also fully accessible to wheelchair users, baby strollers and rollators.
